A. Days Earned

As of January 1, 1982, each full-time permanent employee may accumulate eleven sick days per year. All employees shall have their unused sick leave days accumulated and said accumulated sick leave shall be reduced by one day for each working day of approved absence due to illness. Sick leave shall begin to accrue as of the date an employee enters the service of the "Township", but a probationary police officer shall not be permitted to use said sick leave until he has served with the "Township" for a period of six months.

1. Sick leave may be accumulated if not used during the year accrued. All sick days earned prior to promotion to the rank of sergeant shall be included. Sick leave will not be allowed for any day on which an employee would not have regularly worked.

2. Sick leave may be taken in excess of the amount then accumulated, but not in excess of the total amount which would be accumulated at the end of the calendar year. Such usage of anticipated sick leave will be dependent on the employee's previous sick leave record and is subject to the approval of the Chief of Police and the Administrator. If an employee leaves the "Township" for any reason whatsoever he shall reimburse the "Township" for sick leave used but unearned.

B. Notification of Accumulation

Employees shall be given a written accounting of accumulated sick leave days on or about February 1st of each year.

C. Certification of Inability to Work

1. A certificate of inability to work by reason of illness by a licensed Doctor of Medicine, Osteopath, examination by the Township Doctor or such other evidence of inability to work as the Chief of Police or the Township Administrator shall deem necessary may be required as evidence of illness before compensation for the period of illness is allowed.

2. When an employee has been absent for five (5) consecutive working days or longer because of illness, he shall be required to report to the Township Doctor before returning to work. The Township Doctor will make a report of the illness and determine if the employee is medically fit to return to work. The Police Chief will not authorize an employee's return without authorization of the Township Doctor which shall be made on the proper form.

3. An employee who is taken ill on authorized annual leave may report the circumstances by phone or wire, and upon presenting a doctor's certificate, may be allowed to charge to sick leave the time lost by reason of illness while on annual leave.

D. Sick Leave Incentive

As an incentive to use sick leave for its intended purpose, and to increase productivity, and reward employees with excellent attendance records, the following policy will apply:

1. Upon retirement an employee will receive payment for 25 percent of the accumulated sick leave based upon the annual record he receives each year by February 1 or \$2,000 whichever is less. The payment shall be based on the employees current daily rate as of retirement.

2. This benefit will be available only to Township employees eligible to retire with benefits under the provisions of the Public Employees Retirement System, and shall not apply to employees who retire prior to that time for any other reason.

3. The Township shall maintain sick leave records for each employee.

ARTICLE EIGHT

SPECIAL LEAVE

A. Types of Leave

As of January 1, 1982, employees shall be entitled to the following temporary non-accumulative leaves of absence with full pay unless otherwise noted.

1. Death and Serious Illness - Up to three (3) days at any one time due to death or serious illness of an employee's spouse, child, parent, father-in-law, mother-in-law, brother, sister, and any other member of the immediate household.

2. Good Cause - Other leaves of absence without pay may be granted by the Township Administrator upon recommendation of Chief of Police for good reason, and if the leave of absence will not hinder the proper and efficient operation of the police department of the Township of Hopewell, and such leave of absence shall not be unreasonably or arbitrarily denied after all accumulated sick and annual leave have been exhausted.

3. Injury Time - Each full-time, probationary or permanent employee who is unable to work as a result of an injury arising out of and in the course of his employment with the Township, shall receive his full salary for a period not to exceed twelve (12) months following the date of injury. Such salary shall be paid in accordance with the Township's standard pay schedule.

If the employee is entitled to receive worker's compensation benefits during the period as set forth in the above paragraph the "Township" shall be entitled to receive those benefits from its worker's compensation to offset the salary being paid. It is intended hereby that no employee shall receive more than his full salary during the twelve (12) months he is out because of an injury arising out of and in the course of his employment.

After twelve (12) months from the date of the injury as set forth above the employee then must use his accumulated sick leave for any time beyond the twelve (12) months, but shall use the same on the basis of one half day of accumulated sick leave for each day of absence beyond the twelve (12) months.

Sick leave and annual leave shall continue to accrue during the twelve (12) months set forth above and shall cease to accrue while an employee is receiving worker's compensation benefits only.

The "Township" agrees to use its best such efforts to allow an employee injured in an accident arising out of the course of his employment to return to light duty if the operation of the police department will so allow and if the employee's condition permits the same. Prior to the return to such "light duty" the employee shall be examined by the Township Physician, who should give his full approval of the return to duty of said employee.
